

# 2.0 Mega Pixel IP IR Bullet POE Camera

1-Power Supply 2-network interface

## FEATURES:

1. Economical HD IP IR cylinder camera
2. H.264 High Profile/Main Profile/ BaseLine Profile
3. 1080P full real time recording
4. Conforms to ONVIF, Support P2P, UPNP
5. Mobilephone, IE, Client Software, Platform Management Software Surveillance
6. Support Regional intrusion detection and line-crossing detection
7. Snapshot, email sending function, Auto ICR

## Specifications :

| Model No             | 2MF-BLP30D134  |
|----------------------|--|
| <b>System</b>        |  |
| Sensor               | 1/2.8"2.0Mega progressive scan CMOS                              |
| Min.illumination     | Colour:0.01Lux/F1.2; 0Lux/F1.2(IR ON)                            |
| Video Parameters     | Support WDR,Mirror,WB,3D Digital Noise Reduction,                |
| Electronic shutter   | Auto(1/10s-1/10000s Adjustable)                                  |
| Day/Night            | Auto/Color / B&W(IR_CUT)   |
| Lens                 | 3.6mm M12 lens   |
| IR distance          | 20-30 m  |
| video encoding       | H.264 High Profile/Main Profile/BaseLine Profile                 |
| record resolution    | 1920×1080,1280×960,1280×720,704×576,352×288                      |
| Dual-stream          | Support  |
| Privacy Masking      | Four zones for privacy masking                                   |
| Capture              | JPEG capture, capture resolution is the max coding resolution    |
| Motion Detection     | Multiple detection zones, variable sensitivity levels            |
| Security Feature     | Support password protection, watermarking features               |
| Intelligent Function | Support Regional intrusion detection and line-crossing detection |

|                                      |  |
|--------------------------------------|--|
| <b>Alarm</b>                         | Support network anomaly, mask alarm and etc.                                   |
| <b>Video bite rate</b>               | 32Kbps-12Mbps continuously-adjustable, support VBR/CBR                         |
| <b>Data transmission and storage</b> |  |
| <b>Data storage type</b>             | Record (video),picture file  |
| <b>Storage</b>                       | Manual, auto(timing, motion detection, alarm)                                  |
| <b>Protocol/Network function</b>     | TCP/IP, UDP, HTTP, DHCP, RTP/RTSP, DNS, DDNS, FTP, NTP, PPPOE, UPNP, SMTP, SNM |
| <b>Web Browser</b>                   | IE, Safari, Chrome, Firefox, etc.  |
| <b>Mobile Surveillance</b>           | Iphone, Andriod  |
| <b>Interface</b>                     |  |
| <b>Network interface</b>             | RJ45 10M/100M adaptive Ethernet interface                                      |
| <b>POE function</b>                  | Support  |
| <b>Power</b>                         | POE  |
| <b>Environment</b>                   |  |
| <b>Operation temp./humidity</b>      | -10°C - +60°C/10%-90%  |
| <b>Power supply</b>                  | ≤5.5W  |
| <b>Dimensions</b>                    | 62*62*155(mm)  |
| <b>Weight</b>                        | 530g   |
