2Ru Transform Chassis

Chassis Front Side

Chassis Back Side

1. Description

The ACHC-17xx-ACxx0-00 is a 2U high 19" chassis that supports up to 17 transform media converters. The ACHC-17xx-ACxx0-00 provides an economic solution for fiber converter installations and each converter is an independent Ethernet to fiber media converter and may be used as a stand-alone converter or with fiber handling tray solution or placed in the ACHC-17xx-ACxx0-00 chassis. And the built in cooling fan ensures that temperatures in the rack remain within the tolerated working range.

2. Features

- 17 slots capability.
- 19" and 21" dual bracket
- Heat sink whole
- Quick Stopper, one step for 17 slots
- Dual power supply modular design for AC or DC module
- Hot Swap ability
- Shortage protection
- Over load voltage protection
- Dual 60x60mm powerful Fan
- Top and bottom, two layers for both side

Raycore is the a fiber optic product brand name of Melbye Skandinavia AS.
