Worldwide LTE

Android 5.1

Materials in their purest form

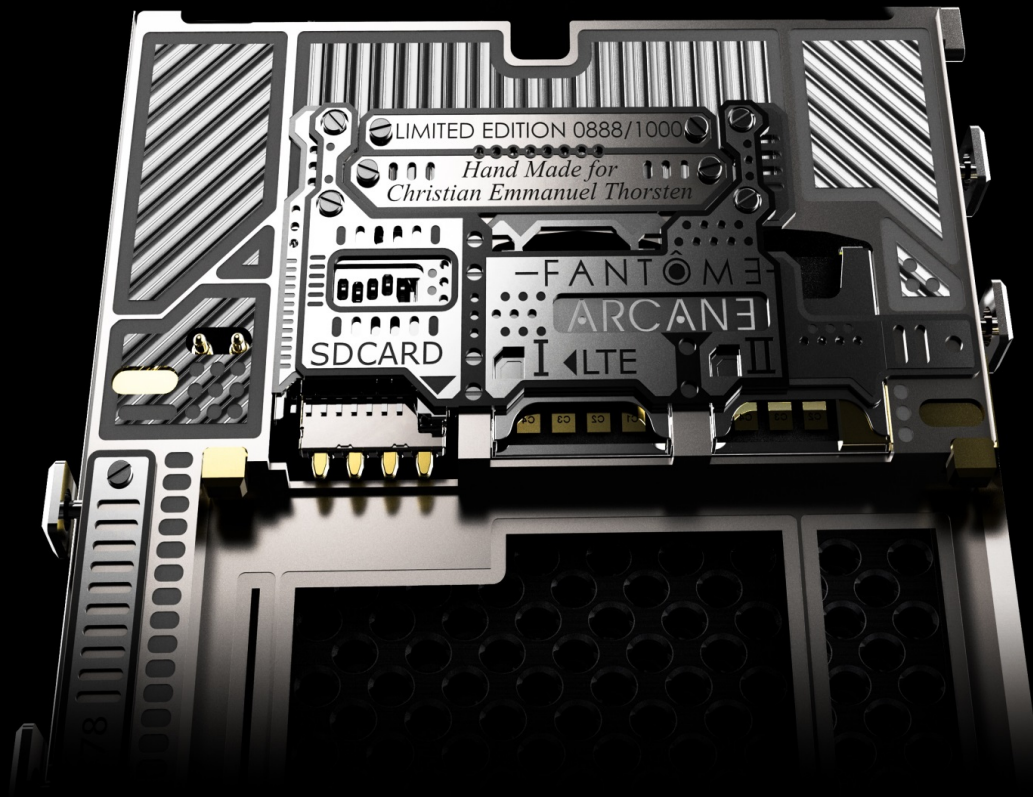

Born of a vision to create the ultimate in exclusive luxury mobile phones, ARCANE is a timeless expression of sophistication and elegance.

It is entirely extracted from unalloyed grade 5 titanium, coated with PVD and bonded with 255 carats of pure sapphire crystal.

Designed like a luxury watch

A large part of what makes a luxury watch special is what goes on underneath. It's much the same story with ARCANÉ.

FANTÔME's rich European watchmaking heritage is showing in the attention to details, the finishing and passion for craftsmanship excellence.

HD Audio - pure, powerful sound

Seeking the finest in audio performance, FANTÔME collaborated with MARK LEVINSON to empower ARCANÉ with the finest audio recreation of any mobile phone.

In order to ensure that the pristine audio is faithfully delivered to your ears, FANTÔME has selected the top of the line in-ear headphones: the AKG 3003, finished in an exclusive titanium housing.

—FANTÔME—

The world's most secured smartphone

FANTÔME implements the highest level of security to ensure absolute data and privacy protection from any kind of intrusion.

ARCANE Android operating system is upgraded with FIPS 140-2 Level 1 encryption, data in motion security (including text messages and phone calls) and a powerful Anti-Theft technology.

World leading innovation

FANTÔME world-class R&D center is responsible for the introduction of cutting-edge technology to the market, leading to a number of "world premiere" with the release of ARCANE.

ARCANE is the first smartphone in the world to feature a vapor chamber, a new cooling technology derived from supercomputers to ensure ultimate performances at all time.

This defining engineering tour de force is one of the many examples that make ARCANE a class of its own.

An exclusive package

FANTÔME celebrates every aspect of the customer experience, making it a truly memorable moment to un-box.

Each ARCANE handset is personally engraved and part of a numbered limited edition of 2000 pieces.

ARCANE is available to purchase by invitation only.
