

學術論文主題 (Academic Paper Topic)

本次研討會學術論文與實務論壇徵稿主題採用聯合國永續發展目標 5P 為主要分類依據。包含環境價值的「地球」(Planet)、社會價值的「人類」(People) 與經濟價值的「繁榮」(Prosperity)，以及制度價值「和平」(Peace) 執行價值的「夥伴關係」(Partnership)。

1.環境價值面向-地球 (Planet)

主題	子主題
環境生態轉型 Environmental and Ecological Transformation	生態與永續教育、環境與資源管理、自然保育...等。 Ecological and sustainability education, environmental and resource management, and nature conservation, and other related themes.
自然保育 Nature Conservation	自然學習中心、戶外教育、海洋教育、食農教育、木育、環境友善的農作、國土生態保育綠色網絡與里山倡議、地方創生與自然資源...等相關主題。 Nature learning centers, outdoor education, marine education, food and agricultural education, wood education, environmentally friendly farming practices, national ecological conservation green networks and the Satoyama Initiative, local revitalization and natural resources, and other related topics.
災害防治 Disaster Prevention and Management	防災教育的理論與實踐、水土保持教育、災害防治、水患、防災學校的輔導、演練與成效...等相關主題。 Theories and practices of disaster prevention education, soil and water conservation education, disaster prevention and mitigation, flood control, guidance for disaster-prepared schools, drills and their effectiveness, and other related topics.
環境及資源管理 Environmental and Resource Management	能源教育、城鄉環境規劃與生態資源管理、環保包裝、綠色認證、標章、環境創新管理、綠色消費、低碳生活、循環經濟、綠色經濟、全球化與環境科技治理...等相關主題。 Energy education, urban-rural environmental planning and ecological resource management, eco-friendly packaging, green certification, eco-labeling, environmental innovation management, green consumption, low-carbon lifestyles, circular economy, green economy, globalization and environmental technology governance, and other related topics.
公害防治與社區參與 Pollution Control and Community Participation	環境公共衛生疫情下的因應作為、健康促進教育、綠色化學教育、城鄉環境議題、環境倡導、環境運動、公民行動、法院訴訟 韧性國土、城鄉及社區發展...等相關主題。 Environmental public health responses during pandemics, health promotion education, green chemistry education, urban-rural environmental issues, environmental advocacy, environmental movements, civic action, judicial litigation, resilient national land planning, urban-rural and community development, and other related topics.
水資源 Water Resource	水利科技、水資源與生態、水資源與環境...等相關主題 Hydraulic engineering technology, water resources and ecology, water resources and the environment, and other related topics.

海洋教育 Marine Education	海洋生態、海岸守護、海岸地質、海洋文化、海洋產業...等相關主題 Marine ecology, coastal protection, coastal geology, marine culture, marine industries, and other related topics.
--------------------------	---

2.社會價值面向-人類 (People)

主題	子主題
社會文化轉型 Sociocultural Transformation	社區參與、文化保存、氣候風險與公民科學...等相關主題。 Community engagement, cultural preservation, climate risk, and citizen science, and other related themes.
文化保存 Cultural Preservation	原民生態智慧、環境藝術創作、綠色博覽會、文化資產、環境的人文歷史...等相關主題。 Indigenous ecological knowledge, environmental art creation, green expositions, cultural heritage, the cultural and historical dimensions of the environment, and other related topics.

3.經濟價值面向-繁榮 (Prosperity)

主題	子主題
經濟科技轉型 Economic and Technological Transformation	氣候變遷（包括氣候變遷之減緩與調適、聯合國及國際間的氣候變遷教育發展、極端氣候下的調適、節能減碳教育之內涵與實踐、溫室氣體管制政策與教育、其他氣候變遷相關的議題與教育行動）、淨零碳排相關議題、公司治理與社會責任、ESG、企業社會責任、綠色人才、永續轉型...等相關主題。 Climate change (including mitigation and adaptation to climate change, the development of climate change education by the United Nations and in the international context, adaptation under extreme weather conditions, the content and practice of energy conservation and carbon reduction education, greenhouse gas regulatory policies and related education, as well as other climate change-related issues and educational initiatives), issues related to net-zero carbon emissions, corporate governance and social responsibility, ESG (Environmental, Social, and Governance), corporate social responsibility, green talent, and sustainable transformation, and other related themes.
韌性農業 Resilient Agriculture	永續農業、農業永續、氣候智慧農業、氣候風險辨識、農業調適缺口研析、韌性農業調適技術研究...等相關主題 Sustainable agriculture, agricultural sustainability, climate-smart agriculture, climate risk identification, analysis of agricultural adaptation gaps, research on resilient agricultural adaptation technologies, and other related topics.

4.制度價值面向-和平（Peace）

主題	子主題
環境教育行政與政策 Administration and Policy of Environmental Education	環境教育政策、法規、認證、環教機構、環教人員、環教設施場所、國際環境教育經驗、環境教育計畫、環境教育產業化、環境教育人員認證、國際環境教育合作、環教教材...等相關主題。 Environmental education policies, regulations, certification systems, environmental education institutions, environmental education professionals, environmental education facilities and sites, international environmental education experiences, environmental education programs, industrialization of environmental education, certification of environmental education personnel, international collaborations in environmental education, environmental education instructional materials, and other related topics.
永續暨環境教育 Environmental Education for a Sustainable Future	108課綱環教議題融入、科學教育、教學法、課程發展、線上學習、正規及非正規環境教育、聯合國及國際間永續發展教育、環境藝術、環境創意行動、生態旅遊、永續觀光、人類世代韌性化發展、健康鄉村、永續都市、韌性城市...等相關主題。 Integration of environmental education topics into the Grade 1-12 Curriculum Guidelines, science education, pedagogy, curriculum development, online learning, formal and non-formal environmental education, United Nations and international sustainable development education, environmental art, environmental creative action, ecotourism, sustainable tourism, resilience-building across human generations, healthy rural communities, sustainable cities, resilient cities, and other related themes.

5.支持價值面向-夥伴關係（Partnership）

主題	子主題
綠色照護網 Green Care Network	創新長照、園藝治療、食農教育、綠色照顧、植物療癒...等相關主題 Innovative long-term care, horticultural therapy, food and agricultural education, green care, plant-based therapy, and other related topics.
哲學與倫理 Philosophy and ethics	環境倫理、環境哲學、永續發展哲學...等相關主題 Environment Ethics, Environmental Philosophy, Philosophy of Sustainable Development, and other related topics.

實務論壇主題 (Practical Forum Topic)

1.環境價值面向-地球 (Planet)

政府部門推動之政策與實務 (如淨零、食農教育、木育...等) Policies and Practices Promoted by Government Agencies (e.g., Net Zero, Food and Agricultural Education, Forest Education, etc.)

環境戶外場域經營管理、課程、解說 Management, Curriculum, and Interpretation of Environmental and Outdoor Venues.

校園環境教育之管理策略與實務 Management Strategies and Practices for Environmental Education on School Campuses.

2.社會價值面向-人類 (People)

永續議題倡議與社會運動實務 Advocacy of Sustainability Issues and Practices in Social Movements

城鄉教育資源落差與創新教學實踐 Urban-Rural Disparities in Educational Resources and Innovative Teaching Practices.

3.經濟價值面向-繁榮 (Prosperity)

地方創生、社區環境優化之發展實務 Practical Approaches to Regional Revitalization and Community Environmental Enhancement.

永續與藝術 (含戲劇、音樂、遊戲等) Sustainability and the Arts (Including Drama, Music, and Games)

企業推動永續工作之實務 Practical Implementation of Sustainability Initiatives in Corporations.

非營利組織與社會企業推動永續實務 Sustainability Practices Promoted by Non-Profit Organizations and Social Enterprises.

4.制度價值面向-和平 (Peace)

社會公正與人權推動 Promotion of Social Justice and Human Rights.

政策對話與公民參與 Policy Dialogue and Civic Participation.

多元文化社區對話平台的建立與推廣 Establishment and Promotion of Multicultural Community Dialogue Platforms.

參與式預算下的公民決策實踐 Practices of Citizen Decision-Making under Participatory Budgeting.

5.支持價值面向-夥伴關係（Partnership）

新科技、資訊平台與環境教育實務 Application of Emerging Technologies and Information Platforms in Environmental Education Practices.

新媒體與永續發展實務 New Media and Its Role in Advancing Sustainable Development Practices.
